additional comments

Due to the way this course was designed, with a large portion of the holes playing into a prevailing wind, it plays longer than the yardage indicates. The condition of the greens is excellent, and water hazards (two ponds) come into play on four holes, including #11, a 178-yard, par 3, requiring a carry over a body of water. In 1996, two ponds were added to help drainage and playability. Also, new cart paths were installed. The 5705-yard men's tee also has a ladies' course rating of 72.1 and slope of 120.
